Limited Recall of DuMOR® Poultry Grower/Finisher Bags Containing DuMOR® Poultry Layer 16% Crumbles Because of Possible Animal Health Risk

FOR IMMEDIATE RELEASE - (Shoreview, Minn.) April 26, 2012 ... Feed Solutions is voluntarily recalling a single lot of *DuMOR® Poultry Layer 16% Crumbles*, which was incorrectly packaged and shipped in *DuMOR® Poultry Grower/Finisher* bags. The incorrectly packaged feed, while appropriate for layers, can be potentially harmful if fed to young chicks as a grower/finisher. One animal-health complaint has been reported to date. The packaging error was discovered during the subsequent investigation.

Only a single lot, produced March 15, is included in the recall. The product was produced for Tractor Supply Company and distributed to 12 stores in north and west Texas between March 22 and April 12, 2012. No other products or lot numbers are affected. The tag on the product being recalled reads:

Item No.	Formula No.	Description	Lot No.
0046445	60Y9	DuMOR Poultry Layer 16% Crumbles	2MAR15OKC1

While the 50-pound yellow-brown and blue bag identifies the product as *DuMOR® Grower/Finisher*, the tag on the sewing strip correctly identifies the product as *DuMOR® Poultry Layer 16% Crumbles*.

DuMOR® Poultry Grower/Finisher purchasers should check the bag and tag. If an inconsistency is found, they should stop feeding the product and return it to the store for a full refund or replacement.

For more information on the product recall, customers should contact their Tractor Supply Company location, or Feed Solutions Customer Service at 615-315-4092 or 615-315-4090 (Monday-Friday 8:00 AM - 4:30 PM CDT).
